

# LAKE HUMANTAY

Imposing body of water beneath a snowcapped mountain

Known by the same name as the imposing peak that watches over it, Lake Huamantay is a hidden treasure for those who enjoy experiencing contact with nature.

Enjoy an incredible walk and discover the beauty of a setting that offers imposing views, punctuated with glaciers and snow-covered peaks, dominated by Mount Salkantay, considered a sacred mountain. And, with luck, you may spot scurrying chinchillas or majestic condors in their natural habitat. Take this time to enjoy the tranquility of the surroundings and renew yourself through nature.
