

# LIMA BITES

a little piece of Lima in every mouthful

Lima-born Elena Loeb1 is a lover of fine food. And like everyone in Lima she knows very well one of the city's neighborhoods (particularly one street), that is talked about throughout Peru's capital.

We are talking about Calle La Mar, situated in a district where the popular and the exclusive have achieved a perfect symbiosis.

This is a selection of her most beloved choices, with which she invites you to learn how to eat like Peruvians: DELICIOUS.
