

## Ultimate Atacama (4D/3N), Private English

### Description

With hands-on knowledge and long experience in receptive tourism, we continually want to create and design new products to improve our travelers' experiences in Chile. We realized that we needed to offer travelers another alternative to conventional excursions and all-inclusive stays. This is why we decided to create Ultimate Atacama: a high-end and distinctive program mixing the comfort and excellent service of a charming boutique hotel with a flexible schedule of private excursions, based on the travelers' interests. It provides unforgettable memories to every adventurer willing to discover this remote and arid region at its own pace, and in an exclusive way. This unique program offers a wide range of excursions, from hiking volcanoes to relaxing at the Puritama Hot springs, that travelers can choose from one day at a time, in order to always match their desires. No matter the adventure of the day, our explorers always go back to the Noi Casa Atacama hotel, a calm and cozy little oasis in this dry desert. The Atacama Desert is located in Northern Chile and stretches across 1,000 kilometers of land between the Pacific Ocean and the Andes Mountains. It is considered the driest desert on Earth, and yet, somehow, boasts beautiful displays of water. It is also known for having one of the clearest and purest skies in the world, which makes it perfect for stargazers. Within its boundaries, sits San Pedro de Atacama, a little village boasting ruins and vast archaeological sites. In addition, the Atacama Desert is home to the Los Flamencos National Reserve, where a large variety of wildlife can be observed. The Atacama Salt Flat is also a highlight of the region. It is the largest salt flat in Chile, with volcanoes and reflecting salt crusts dominating its landscape.

### EXCURSIONS:
