

Ultimate Chilean Lake District (4D/3N), Private English

Description

The Ultimate Lake District program was conceived as we saw the necessity to offer exclusive experiences for all travelers. Unique stays combined with the flexibility and personalization that only a private guide can offer, will fill the gap that conventional programs and all-inclusive stays often lack. This program allows travelers to have flexibility while choosing activities, and focuses on their particular interests so they get the most out of their trip. Travelers will explore lakes, volcanoes and the Valdivian forests, all while enjoying the dramatic backdrop of the most beautiful volcanoes and the Andes mountains. The stay at the AWA Hotel, located on the shore of the stunning lake Llanquihue and close to Puerto Varas, will allow guests to get the best experience of the Lake District.

A wide range of outdoor activities is available such as trekking, birdwatching, white water rafting, bike riding. During these excursions, the adventurers will have the chance to take in the picture-perfect landscape composed of lakes, volcanoes and lush evergreen forests. This area of Chile combines two main and distinctive influences: the native and indigenous Mapuches and the German and European immigrant settlers, who came in the 1850's. Today, both cultures can be experienced through the architecture, the gastronomy and the traditions of the region. The excursions of Ultimate Lake District program will make sure that travelers get to know the cultural aspects of this area, as well as having the best and most meaningful nature experiences.

The Chiloé Archipelago of the Lake District is also an important site with distinctive ethnic influences and a lot of mythical folklore. Consisting of several islands lying off the coast, it is separated from mainland Chile. Famous Palafito houses, national parks, traditional wooden churches are also there to be explored thanks to this unique program, giving travelers the experience of their lifetime.
