

Ultimate Patagonia (4D/3N), Private English

Description

We developed the Ultimate Patagonia program, as we found the necessity to offer travelers the best experience possible, with the flexibility and uniqueness that conventional programs and all-inclusive stays are lacking. We have chosen boutique stays, with personalized service and charming décor. Your stays in Punta Arenas, the largest city of the region, and Puerto Natales, the gateway to world famous Torres del Paine National Park, will allow you to get the most of your exploration of Patagonia. Ultimate Patagonia allows travelers to explore in depth the highlights of the region in a private and intimate way, at their own pace, with a private guide, making this once-in-a-lifetime experience exactly what they want.

Patagonia is a land full of contrasts with historically renowned locations. Nature and beautiful landscapes are there to be enjoyed, away from the crowds, giving you a unique perspective and experience. Known for its frontier appeal, it is a place to live out great adventures.

We love Torres del Paine. We have explored the ins and outs of the National Park, and the most remote corners of Southern Patagonia. It is great, definitely worth visiting and the crown jewel of the National Park system in Chile; but Patagonia has a lot more to offer. Its unique and remote history and culture can be re-lived visiting its towns and typical estancias. Learn about its original inhabitants, the Aonikenk, Selknam, Yamana, and Kaweskar, the colonization process by Europeans, and its final settlement from Chile. Penguins, condors, guanacos, even pumas, if you are lucky, are some of the wild animals you may encounter. Rugged peaks, huge glaciers, forests and the vast Patagonia steppe complete the landscape of this region, the perfect backdrop for adventure! Trekking, birdwatching, navigating lakes toward glaciers, bike riding, horseback riding are all part of the wide range of available activities.
